

FOCUS Nepal News Letter 2016

It is our pleasure to present FOCUS Nepal News letter 2016. During the year 89 students completed their studies out of 244. Currently total number of students is 237 including new 93. There are 633 members of FOCUS Nepal from 62 districts of Nepal.

Current Student Status (New Batch 2016-017)

Graduates Job Involvement

Success Stories

Deepak Chaudhary

I am from Dhangadi recently completed my Diploma civil Engineering. I joined an NGO named 'Living Water Nepal' as a technical staff. Since I started the job I am contributing FOCUS Nepal regularly. I was relieved greatly after I received FOCUS scholarship. Not only scholarship, FOCUS facilitated job search successfully. I am very much grateful for it.

ANU NEPALI

I am Anu Nepali from Bhaktapur, belongs to outcast community. My father was mentally sick and mom was manual worker. We have very limited income source.

I got a seat to study Diploma in Biomedical Equipment Engineering, was hopeless in paying admission and monthly tuition. Soon I heard about FOCUS I rushed to this office. The Board considered me in making payment of tuition fees. After completed my course, joined a medical project in Chitwan. I know now that FOCUS Nepal in partnership with local and abroad partners has been helping students in need

UN Tamang; I come from Jharlang of Dhading, a remote place. I am receiving scholarship to study Health Assistant at Amity Global Education College. Our community has no easy access of health services. The earth quake has made the situation even more worsen. I dream that I should serve as a medical person in future. So I chose this medical subject. My family took loan after loan before I got scholarship from FOCUS. Now the scholarship can just cover my tuition. I am much thankful to FOCUS and its sponsor partner for scholarship.

GA conference 2016

70 Participants attended in GA. The new board was elected with 3 new Board members added. The reports were presented. The plan and budget for 2073-2074 (2017) has been approved.

Students' Gathering 2016

FOCUS organized a Student Gathering, over 90 participants were present. The program was led by Sony Shah, the Program Administrator. Faculty wise alumni graduates and students were introduced and Dr. Maharjan welcomed all participants attended on behalf of FOCUS Nepal. The message highlighted on the subject of righteousness.

Student Visits & Counseling

A number of times the students were visited on the spots. It was great opportunities to know the realities of the situations. FOCUS managed

to help them. FELM partner has always encouraged us in this task.

FOCUS Nepal- Lalitpur Nursing Campus(School of Nursing and Midwifery)

FOCUS Nepal has started to facilitate funds and communication in making provision of scholarship to 6 students of nursing who come from interreligious background.

Request for donation for Land/Building

FOCUS Nepal moved to a building being used by another office sharing a flat for temporary arrangement, the place is somehow far from ring road. We have collected over 10 lakhs of NPR for land purchase. The amount is not enough to buy a land. For sizeable building over 75Lacs NPR needed for a land.We hope to raise 50% locally. We plan to build prefix model building with ground floor costing maximum 10 Lacs. We request for your support for a land and building.

Word of Thanks and Gratitude

We are very much thankful to all of you contributed in operating scholarship program of FOCUS Nepal. Our mission is to facilitate human resources development for holistic services with the purpose to transform society in Nepal. We express our gratitude for your partnership in this mission.
